KASTA MAKES SMART EASY

Connecting you to a smarter lifestyle is quick and easy with KASTA technology.

Unlike many complex smart home automation systems, KASTA uses reliable, self-networking, mesh technology to connect your home lighting and appliances. The system connects devices wirelessly, so there is no requirement for an internet or Wi-Fi connection. KASTA need only be connected to power, just like a traditional switch.

Our user-friendly app will let you configure, control and monitor your smart home in just a few quick taps.

FAST INSTALLATION. SIMPLE CONFIGURATION.

Any electrician can install and setup your new KASTA Lifestyle Solution, and what's more, the whole system can be easily customised and reconfigured by you at any time using the KASTA App.

SMART WIRELESS WALL SWITCH AND APP CONTROL

EASY TO RETROFIT IN EXISTING HOMES

EASILY ADD MORE DEVICES TO YOUR SYSTEM AT ANY TIME
